Particolare costruttivo - VESPAPAO

Diagram illustrating the construction detail of the VESPAPAO system, showing the cross-section of a wall and floor assembly.

The diagram shows a cross-section of a wall and floor assembly. The wall on the left is labeled "VESPAID ISOLATO CONTRO TERRA" and consists of a concrete structure with a yellow insulation layer. The floor on the right is labeled "VESPAID ISOLATO SOTTO PAVIMENTO" and consists of a concrete slab with a yellow insulation layer. A vertical section of the floor is shown in the center, with various layers labeled. From top to bottom, the layers are: "RIVESTIMENTO" (finishing), "MATTONE" (brick), "VESPAID ISOLATO SOTTO PAVIMENTO" (VESPAID insulation under floor), "VESPAID ISOLATO CONTRO TERRA" (VESPAID insulation against ground), "VESPAID ISOLATO SOTTO PAVIMENTO" (VESPAID insulation under floor), "VESPAID ISOLATO CONTRO TERRA" (VESPAID insulation against ground), "VESPAID ISOLATO SOTTO PAVIMENTO" (VESPAID insulation under floor), "VESPAID ISOLATO CONTRO TERRA" (VESPAID insulation against ground), "VESPAID ISOLATO SOTTO PAVIMENTO" (VESPAID insulation under floor), "VESPAID ISOLATO CONTRO TERRA" (VESPAID insulation against ground). The diagram also shows a "VESPAID ISOLATO SOTTO PAVIMENTO" layer on the left side of the wall. The overall structure is labeled "VESPAID ISOLATO SOTTO PAVIMENTO" and "VESPAID ISOLATO CONTRO TERRA".
