

Technical cross-section diagram of a landscape design. The diagram shows a sloped area on the left with a tree and a smaller tree, followed by a horizontal area with "Arbusti autoctoni" (native shrubs) and a large "Vasca di assorbimento e laminazione" (absorption and laminar flow tank). The tank is a large, shallow, trapezoidal structure. To the right of the tank is a "Piazzola" (paved area). Dimensions are provided: 0.30, 0.90, 4.00, 6.00, and 0.30. The ground is shown with a grid pattern, and the water in the tank is blue.
